The Community Art Center, Inc. -- the sponsor of the Do It Your Damn Self!! National Youth Video and Film Festival -- provides a continuum of care for families beginning with a licensed School Age child Care Program serving ages 5-12 and extending to our Teen Media Program serving ages 11-19. Our programs serve children living in Cambridge's Newtowne Court/Washington Elms public housing developments and its surrounding Area IV neighborhood. Our innovative programs engage young people in exploring their identities and creative talents through processes of critical thinking, problem solving and self-expression. These opportunities develop social, art and work skills leading to higher education, and active involvement in their communities' development. We encourage long-term relationships with the arts, with the Community Art Center and among peers.
