## **Cambridge Brewing Company to Host Brewer's Dinner.**

Cambridge, MA • 11/11/06 • 5:00PM-10:00PM —The Cambridge Brewing Company will present a "Brewer's Dinner"; a prix fix five course/five beer dinner celebrating the marriage of food and beer.

Since its inception in 2000, The Cambridge Brewing Company's Brewer's Dinner has grown into a consistently sold-out culinary event. Our executive chef Brian Roskow and our head brewer Will Meyers pull out all the stops to create five masterfully prepared courses paired with five exquisite brews. The menu is an eclectic blend of creative, American cuisine featuring such dishes as Chicken consommé with matzo ball, Camembert and asian pear wrapped in filo with maple glaze and spiced pecans, Truffled asparagus and mascarpone frittata with frisee salad and caramelized shallot vinaigrette, Smoked bone-in filet mignon with white asparagus, peruvian mashed potatoes and a porter hollandaise, and Pistachio-barley wine panna cotta. Each of the aforementioned courses is paired with a complimentary beer. This year our beer list features a Great American Beer Festival 2006 gold medal winner, the "Wind Cried Mari Scottish Heather Ale". Cambridge Brewing Company is a 10 bbl brewery-restaurant located in Cambridge, MA that celebrates the marriage of creative American cuisine and artisan beer. "The Brewer's Dinner is our chance to really go for it. It's a night that epitomizes our purpose. Our chef Brian Roskow buys the finest, freshest, local ingredients, creates a five course dinner and pairs each course with Will's one of a kind beers." says Chris Punis, General Manager at the Cambridge Brewing Company. Reservations are required for the Brewer's Dinner. All reservations are being taken via email. The contact person is assistant manager Nicole Bernabe. Founded in 1989 the Cambridge Brewing Company is the oldest brewery-restaurant in the Boston area and one of the nations first. As pioneers of new American beer styles we offer our patrons a wide array of hand crafted original beers as well as our interpretation of classic world styles and experimental beers. Over the years our beers and our brewers have received numerous awards both locally and nationally.

This adventuresome spirit plays out in our kitchen as well where the finest local ingredients are crafted into creative American cuisine. Paying particular attention to pairing food with beer our chefs prepare fresh seafood, meats and produce with an emphasis on bold flavors and interesting combinations. Our pride and enthusiasm are as evident in the pan seared tuna and bone-in filet mignon as they are in our burgers and pizzas!

We serve this all up in a refurbished mill building where high ceilings, exposed brick, light woods and earthy colors combine for a casual, lively atmosphere. Our wait staff takes particular pride in their beer and food knowledge and are always happy to assist our guests in any way they can. Only blocks from MIT and in the heart of high-tech and bio-tech Kendall Square the Cambridge Brewing Company beckons to those in need of great food, great beer and fun times!
